NEW MEMBER PROFILE

**SCIENTIST AND FOUNDER
LASZLO OSVATH**

AHEC is delighted to introduce **Dr. Laszlo Osvath**, of Toronto, Ontario, Canada. Laszlo is a scientist and entrepreneur with over 20 years R&D experience in the medical devices industry. He holds four patents and has authored algorithms for neurophysiology, neuropsychiatry, sleep medicine and intensive care units.

He is also founder, CEO and Senior Scientist of Signalitica. This sleep and mental health focused business provides analytical and low-cost solutions, including objective measurement in neuropsychiatry for the

detection and treatment of mental illness, and a multidisciplinary and multidimensional approach to at-home population screening.

The company is based in Canada, but is seeking partners in Canada, the US and elsewhere, to deploy sleep programs to help decrease the burden of sleep disorders on families, the economy and the healthcare system, and reduce the incidence of related chronic conditions like hypertension, diabetes, depression, heart attack, stroke. For more information, please visit the company's website at <https://signalitica.ca/>. You

may also contact Laszlo directly at laszlo.osvath@signalitica.ca.

AHEC RE-LAUNCHES WEBSITE AND GETS NEW LOGO!

AHEC thanks **Laszlo Horvath** and his **ActiveMedia** team for contributing time and expertise in re-launching AHEC's website and designing AHEC's new logo! Visit the new website at the same url: www.americanhungarian.org and give us feedback on whether we are heading in the right direction with these changes!

OPTINCALL IS GRANTED U.S. PATENT FOR UNIQUE ADVERTISING SOLUTION

Optincall, Inc. is a Florida and California based business which helps take the frustration out of buying complex and expensive products and services such as insurance and solar, by giving consumers convenience, privacy and rewards.

Co-Founder and CEO **Michael Geroe** reports the company was recently issued a third patent by the U.S. Patent & Trademark Office for the company's unique, consumer-centric advertising technology. The business has invented an answer to the question "How can I talk to a vendor directly about a product or service, without having to worry about unwanted telemarketing or spam calls afterwards?" It has patented solutions to connect merchants with consumers, in a privacy compliant and pro-consumer manner.

For more information about Optincall, please visit its website at

www.optincall.com or find videos about it on Youtube by searching "optincall".

PULI WINS NASA'S JPL CONTEST

Puli Space Technologies Ltd. is a space technology company based in Budapest, Hungary. It was founded in 2010 to develop a lightweight, planetary rover platform with unique mobility capabilities carrying payloads, as well as payload instruments, which can survive the harsh lunar environment, explore lunar resources and support projects on the Moon.

In 2020, it won first prize in a NASA project and was awarded \$30,000. Puli's design, named, the "Puli Lunar Water Snooper" was the grand prize winner in the contest's Lunar Resource Potential Category, one of the two categories in the contest.

Puli is hiring! They have a published opening for a full time physicist for R&D. To learn more, visit them on the Web at <https://pulispace.com/>.

HELP FOR UKRAINE

If you are looking for specific ways you may be able to help Ukrainians, no matter where in the country or the world you are located, we have a recommendation. A crowd-sourced information platform with updated links and suggestions can be found here:

<https://supportukrainenow.org/>

As the site's homepage points out, because it is a crowd-sourced platform, it may contain errors, so do further

research; however, as a starting point, it is a well intentioned and diverse resource.
